Compañía de Vinos del Atlántico (CVA) was created in 2002 by Alberto Orte and Patrick Mata. Alberto and Patrick together with their respective families have over 250 years of experience of vine growing and winemaking. Their families have been independent wine producers since the late 1800's. The purpose of CVA is to unite this long history and heritage and to combine the vast knowledge and experience in carries.

Today CVA makes wines in several geographical locations, 18 different appellations on the Iberian Peninsula. The goal is to explore regions and to handcraft, elaborar, wines that express their origin, respecting the terroir, place and identity from where it comes and is grown. Ever since CVA set out on this journey they have been in search of truly great vineyard sites for every given region, sites that out-perform and gives the potential of producing the best wine in that region. This work has involved identifying indigenous varieties and old vines grown organically in balanced, low-yielding, soils. The goal is always to own the vineyards they work with and the winemaking philosophy is always sensible.

CVA is today one of the main figures and one of only a handful producers, as the likes of Raúl Pérez and Envinata, taking care of the old viticultural heritage Spain has; saving old varieties, recuperating old vineyards/ regions as well as making wine based on terroir/site rather than blending them all together. These people are in the forefront of bringing Spain into a new (or old so to speak) era of wine.

Compañía de Vinos del Atlántico are present in regions like Galicia, Rioja, Madrid, Valencia, Alicante, Penedés, regions around Jerez as well as Portugal.

This tremendous quality wine is made from old vine Garnacha. San Martin produces some of the most floral and mineral Garnachas in all of Spain. Zestos shows the complexity of wine twice its price. In fact, many wines that cost three times the price of Zestos do not show the complexity of this humble yet complex wine.
